Dear Berdene and Neil

First of all I would like to apologize for not coming back before with feedback on the tour. But I have been extremely busy in the office since I returned to Denmark. I want to thank you for making it possible for me and Knud to visit your wonderful country.

It is one of the most wonderful trips in my life. I didn't know what to expect from your country and I must say - I am completely overwhelmed. Your country has so much to offer and I can't stop talking about Namibia. I have visited quite a lot of African countries and I must say: your country has so much more to offer compared to other African countries. Another big plus is that you feel very safe everywhere and people are kind and friendly. East Africa (Kenya and Tanzania): they expect to receive so much money in tips and that is not an issue in Namibia - furthermore I must say: I have never seen so much game in other African countries - it was again overwhelming.

I never expected that I could experience so much in such a short time. Mark was the kindest guide one could wish to have and he has a knowledge about a lot of interesting subjects: game, birds, landscape, people, politics etc - It is a pleasure to have a guide like that on a tour and I would love to have him as guide if I can get a group to go to Namibia.

I am surprised that your tourist board does not make more promotion for Namibia - they ought to be able to sell your country so much better.

Once again thank you so much - I promise I will do my utmost to promote your wonderful country and the service of Safariwise

Med venlig hilsen / Best regards

Dear Berdene and Neil

As you know we returned from Cape Town this weekend after Namibia. For us it was our first visit to your country and it was fabulous.

Thank you so much for this opportunity. Frederik will do his very best to advise his contacts in Holland about the programs of Safariwise. And what would a journey in Namibia be without the very experienced guiding of our Mark Sny, we felt very secure with him and enjoyed his knowledge and stories so much.

For me, I tell friends and family about all our tremendous experiences.

As old owners of an incentive business, it was so nice to be in your office in Swakopmund. We felt the atmosphere of old times. Like Neil, Frederik wrote books as well, an effective marketing tool.

We keep in contact and wish you lots of success with SafariWise.

With our kindest regards,

Thanks for the great FAM trip in Namibia. We had a great best of Namibia tour and I'm sure we have ingredients for great stories in our hands. In many ways Namibia exceeded all expectations I had, very much so in flora, fauna & nature. Animal sightings were close & plenty. Namibia took it by force if we refer to my previous Safari Experiences (in Kenya, Zambia and Zimbabwe).

Mark was a real professional guide with exceptional knowledge on all thing nature especially, always keeping up good spirit as well. This was a trip to remember!
